

## **The Money Rap**

Well, I know a song  
It's really kind of funny  
It's all about coins  
And learning to count money.

Pennies, nickels, dimes and quarters  
Pennies, nickels, dimes and quarters

Now a penny means one (hold out 1 finger)  
And a nickel means five (hold out 5 fingers)  
Dimes are worth ten (hold out 10 fingers)  
And quarters twenty five (flash... 10 twice & then 5)

Pennies, nickels, dimes and quarters  
Pennies, nickels, dimes and quarters

Five pennies in a nickel  
(hold out 1 hand- fingers stretched)  
Two nickels in a dime  
(hold out 2 fingers)  
Five nickels in a quarter  
(hold out 1 hand - fingers stretched)  
You'll know it every time!  
(using both hands do a downward motion)

Pennies, nickels, dimes and quarters  
Pennies, nickels, dimes and quarters  
Yeah!!!
